REMARKS

Reconsideration of the above identified application in view of the remarks following is respectfully requested. Claims 1-83 and 87-95 are in pending in this case.

Applicants wish to thank the Examiner for the interview conducted on October 24, 2006. Applicants amend the specification by deleting paragraphs [0096] and [00218] and amended paragraph [00219]. Applicants also amend the claims 1, 10, 18, 27, and 35 to recite the limitation wherein m is determined by solving said equation. Applicants submit NO new matter by this amendment.

Applicants submitted on December 8, 2006 a Declaration under 37 CFR §1.132 by T. D. Shaffer which states that the parameters "A" and "m" can be easily solved mathematically. A copy of the 37 CFR § 1.132 declaration is attached for the convenience of the examiner. A person of ordinary skill in art may obtain both parameters "A" and "m" using the information disclosed in the application as filed with mathematical precision as illustrated in the declaration. Applicants, therefore submit that every individual "m" can be calculated for every example listed in Table 26 based on the information disclosed in the application as filed.

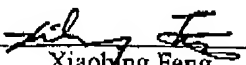

Withdrawal of the rejection is respectfully requested.

In view of the above amendments and remarks it is respectfully submitted that the claims in this case are in condition for allowance. Prompt notice of allowance is respectfully solicited.

Respectfully submitted,

February 12, 2007
